

Be a Modeler: Profile Instructions

	<p>To sign up to become a modeler listed in our database, click on the "Find a Modeler, Be a Modeler" image.</p>
<p>Find a Modeler, Be a Modeler</p> <p>IMCI aims to serve as a resource for all scientific modeling on the U of I campus. This is the place where modelers and researchers across multiple colleges and disciplines can find each other and grow their collaborative research efforts.</p> <p>If you are looking for help...</p> <p>We can help you locate modelers who will support your work. Generally, adding a modeling element to your research will make your proposals stronger. We can help you identify what type of modeling will work best within your field of study and match you with someone who can create those models for you.</p> <p>If you are a modeler...</p> <p>We can help you find researchers interested in your particular area of modeling expertise. If you are interested in offering your modeling services and growing your collaborative research efforts, please consider signing up. Once your request to be added is approved, you will be given access to create your own profile and share contact information. You have complete control over what information you share.</p> <p>Get started here!</p> <p>Find A Modeler Be a Modeler (Sign Up)</p> <p><small>Search the database to find a modeling expert in your field of study. You will be directed to a form to request a modeler profile. Profile</small></p>	<p>From this page you can go the search page (Find a Modeler button) or you can choose to sign up, get an account, and list your profile information in our Find a Modeler Database.</p>
<p>Sign up!</p> <p>Fill out this form to request a modeler profile.</p> <p>First Name * <input type="text" value="Joe"/></p> <p>Last Name * <input type="text" value="Vandal"/></p> <p>Email Address * <input type="text" value="joe@uidaho.edu"/></p> <p>Checkbox * <input checked="" type="checkbox"/> Yes! I want to be listed as a modeler on the IMCI website. <small>This is the first step to creating your own profile.</small></p> <p>Get me started</p>	<p>Fill out this form. Within 24-48 business hours, you will receive an email with your login information. The email will be from WordPress with the subject title, "Login Details." Please check your SPAM folder if you do not show the email in your inbox.</p>

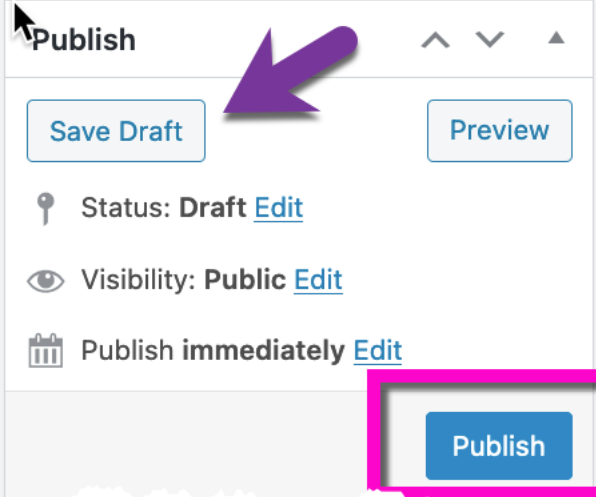

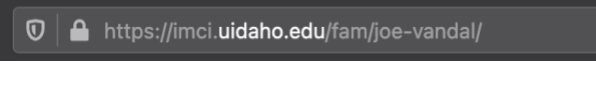

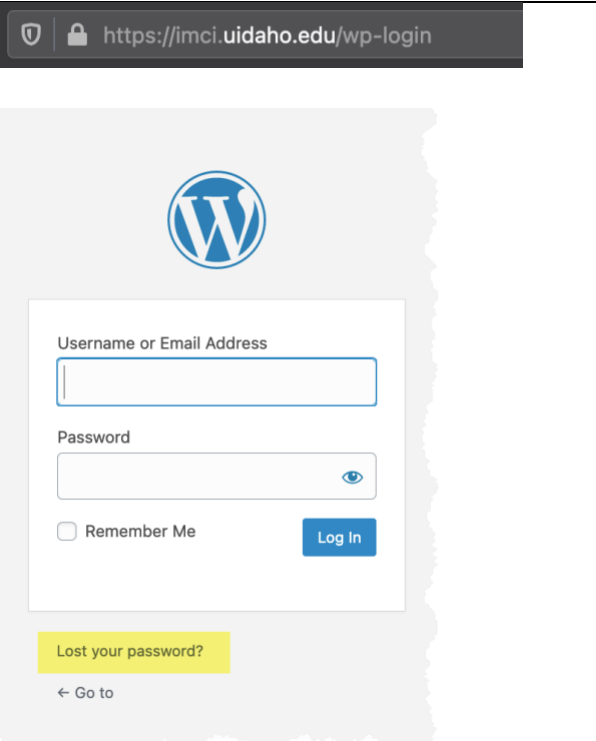

Follow the email instructions to sign into your newly created WordPress account. Once you are signed in to your account, locate the FAM menu on the left side of your screen and select “Add Profile”.

Enter your full name to be displayed in the Title bar and enter your information. Select the affiliations and application areas that best match your field of study/expertise.

To enter the type of modeling you do, start typing in the box (red highlight). A list of potential types will populate, and you can select one or more. If you do not see the type of modeling you do, select the plus icon (yellow highlight) on the very right side of the field and enter your type.

	<p>Once you have completed the form with the data you want to display, you can save it as a Draft (not published) to finalize at another time. Or, you can select the Publish button and your profile will be published in our database and on the website.</p>
	<p>The URL of your profile will be: https://imci.uidaho.edu/fam/first-last</p>
	<p>If you need to update or delete your profile information, you can login with your credentials at this URL: https://imci.uidaho.edu/wp-login</p> <p>If you have forgotten your password, use the lost password link on the login page.</p> <p>Any questions regarding your profile, access or the FAM Database, contact Lydia Stucki (lydias@uidaho.edu)</p>
